## **SOURCE OF WATER**

Columbus and Fort Benning get their water from a surface water source, the Chattahoochee River.

Water is withdrawn from Lake Oliver under permit # GA2150000 at a point just above the dam.

This provides Columbus and Fort Benning a safe and dependable supply of water.

### **About Columbus Water Works**

The operation of Columbus Water Works is conducted under the direction of the Board of Water Commissioners who are appointed by the Columbus Consolidated Government City Council.

The Board holds regularly scheduled meetings at 1:30 PM on the second Monday of each month. The meetings are open to the public and are held at the Columbus Water Works business office located at

**1421 Veterans Parkway  
Columbus, Georgia 31901**
