

COLUMBUS WATER WORKS

JOB ANNOUNCEMENT

July 29, 2010

JOB TITLE: CSO Operator (Reposting)
DEPARTMENT: Combined Sewer Overflow (CSO)
PAYGRADE: 07

JOB DESCRIPTION: Performs skilled work in the operation and maintenance of the Combined Sewer Overflow (CSO) Treatment Facility. Prepares the CSO facility for rain events and cleans up after rain events. Monitors the CSO treatment facility and process using SCADA system. Collects operational data for the CSO Facilities and assists in the preparation of reports. Inspects, troubleshoots and repair pumps, motors, valves, piping systems, backflow, preventers, HVAC systems, air compressors, grit collection, chemical feed equipment, odor control systems, bar screens, vortex units, dissolved air flotation units, and other equipment related to combined sewer overflow treatment. Performs preventative and corrective maintenance activities using MAXIMO work order system. **The 40-hour work week schedule varies, depending upon the occurrence of rain events. The operator will be expected to work at night, on weekends and holidays when there is a rain event. All CSO Operators are on-Call.**

PREREQUISITE: High School Diploma or GED required. Possession of a valid driver's license and a good driving record required. Minimum of one (1) year of maintenance and/or equipment operation experience required, preferably in a wastewater treatment facility. Thorough knowledge of the equipment and processes of a wastewater facility and specialized training in relation to wastewater treatment is preferred. Ability to draw and read all graph types and read and interpret documents such as safety rules, operating and maintenance instructions and procedures and blueprints required. Ability to write routine reports, correspondence, and record keeping required. Working experience and knowledge of database systems required. **A Class "III" Wastewater Operator's certificate issued by the Georgia State Board of Examiners for certification of Water and Wastewater Operators and Laboratory Analysis is required within one year of employment.** Salary range: \$26,836 – 38,900 per year.

Columbus Water Works is an equal opportunity employer.
